

Dear IOD Member / Guest

I am please to inform you of our next [Gloucestershire@Six](#) event, which will take place at the 300 year old Inn at Fossebridge, on the A429 between Cirencester and Northleach. It was purchased by Robert Jenkins four years ago and has been refurbished throughout to a very high standard and it has now received four star accreditation from both the AA and VisitBritain.

Robert and daughter Elizabeth have made it a true short breaks centre to visit the Cotswolds for guests from Europe and many other parts of the world. Set in four acres, it has a lake, river and lots of wonderful wildlife. Our network meeting is on Monday 26th January 2009 and we suggest you arrive by 6pm, with the usual format of informal networking, followed by a short introduction and overview of the Fossbridge by Robert. There is ample parking available.

Also FYI and diary planning please attached the full programme of Gloucestershire@Six events for 2009.

My best regards and a Merry Christmas to you all

Richard
