Charlton Networks

Invitation from Charlton Networks

IT NETWORK MANAGERS FORUM

Thursday 6th November 2008

You are invited to join us at our 5th IT network manager's forum which will be held at Sophos PLC, Abingdon, Oxon.

This forum is kindly being hosted by Sophos Ltd where we will be able to see their latest products and have an opportunity to tour their premises and see the Sophos labs.

The main meeting will take place in the Conference room where there will be a presentation covering End Point Security, Puremessage, Appliances (email /web) and Network Access Control (Integrated and advanced).

There will be a chance for question and answers following the presentation. It is hoped that this will be an ideal platform in which to highlight common problems and issues with other network managers and help with future planning and decision making, proving beneficial to all.

Yours sincerely

Brian Keeling
Technical Sales Consultant
