

Invitation

24th April 2008

Re: I T Network Managers Forum.

You are invited to an IT Network Managers Forum which is being hosted by Wycliffe College on Wednesday 21st May 2008.

The purpose of the event is to help increase knowledge and awareness of current IT trends and share information.

This will be the forth Forum meeting and hopefully will be as interesting and enjoyable as the previous events. Following on from the previous events it is intended to maintain the same type of format which is detailed on the next page.

As before we have invited industry speakers who will be highlighting benefits and advantages of particular network products.

It is hoped that this will generate discussion and highlight issues and problems common to Network Managers, helping with future planning and decision making, proving beneficial to all.

(Reply details on following sheet.)

Yours sincerely

Brian Keeling

Technical Sales Consultant
